

FOCUS ON COST SAVINGS THROUGH COLLABORATION

MEMBER BUSINESS SERVICES FOR SCHOOLS

The Colorado League of Charter Schools (the League) offers an exclusive Group Purchasing Program to help its members reduce costs through collaborative purchasing strategies.

GROUP PURCHASING PROGRAM

The League's Group Purchasing Program provides member schools access to quality products and services at significant cost savings. Members benefit from the League's exhaustive due diligence process and aggressive negotiations with vendors across many product and service categories. Through this process, the League secures contracts with highly favorable terms and conditions at prices that reflect the membership's collective buying power. Member schools enjoy cost savings without spending administrative or other valuable resources and time evaluating vendors in these categories.

All of the League's purchasing contracts are competitively and publicly bid to provide member schools with the highest quality products and services at the lowest cost available in the market. When it's time to make a purchase, simply contact the vendor directly, utilizing the contact information found on the following pages.

VENDOR GUIDE

The League's online vendor guide is a referral program that provides member schools access to information about companies that provide a multitude of products and services such as cash management, curriculum and instruction, equipment and furnishings, facilities design, acquisition and construction, insurance, technology, telecommunications, and much more.

The guide is a valuable resource for schools wanting to find a vendor in categories outside of the League's group purchasing program. Information including references from charter schools is included in the guide.

The vendor guide is not an endorsement of any particular vendor, and does not offer negotiated group pricing.

For more information about these programs and to access the vendor guide, visit www.coloradoleague.org or call the League's Member Business Services team at 303-989-5356.

COLORADO CHARTER SCHOOLS
BENEFITS TRUST

Service Categories:

EMPLOYEE HEALTH BENEFITS
EMPLOYEE ANCILLARY BENEFITS

Contact:

Gary Clark
HUB International
(303) 252-3127
gary.clark@hubinternational.com

The Colorado Charter School Benefits Trust (CCSBT) is the only health program designed exclusively for Colorado charter school employees.

CCSBT provides the opportunity for charter schools across the state to pool together to control the escalating costs of health care through administrative fixed cost reduction, proactive disease management programs, and a wide variety of other pooling advantages.

The offerings include a fully insured, comprehensive health benefits program and an ancillary products program. Each offers Colorado charter schools options and value not available on the open market.

Highlights of the program include the following:

- CCSBT is a fully-insured program. Schools do NOT share risk.
- Participants can select and work with the broker of their choice.
- Schools with fewer than 51 employees are sheltered from small-group market volatility.
- Each participating school is rated individually.
- Ancillary products (life, long and short term disability, dental, vision) can be selected a-la-carte.
