

COLORADO STAR TEACHER COUNCIL

THOSE WHO RISE ABOVE MUST LEAD THE WAY

COLORADO LEAGUE OF CHARTER SCHOOLS PRESENTS
Colorado STAR Teacher Council

Charter school teachers, by their very nature, are hard-working, out-of-the-box thinkers.

The Colorado League of Charter Schools wants to honor these teachers for their day-in and day-out work to meet the needs of students – while also providing an opportunity for our very best teachers to have a leadership role in Colorado’s K-12 system.

We recognize that within the esteemed group of charter school educators, there are those that stand above, that are truly remarkable in their skill and passion as educators.

For this reason, the Colorado League of Charter Schools proudly announces the inauguration of the STAR TEACHER COUNCIL, which will serve to honor the amazing work of our most talented educators, elevate best practice in education in our state, and also, to inform important decisions about the work of the Colorado League of Charter Schools, lawmakers, and other education-focused organizations.

The first area of focus for this group will be to provide guidance on best practice in the evaluation and continued professional growth of charter school educators in response to current legislation around educator effectiveness. Educators will be nominated by charter principals from around the state and will be selected by a review panel to serve a two-year leadership term. In addition, the STAR TEACHER COUNCIL members will be honored annually at the Annual Colorado Charter School Conferences.

Nominations due by April 15, 2011

**Nominations will be announced
May 16, 2011**

**Thank you to our amazing sponsors who generously support
Colorado charter schools and teachers!**
